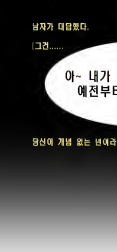
정부군에는 결코 쓸은 작가가 될 수는 없을 겁니다.



이제서조? 당신 어버자 원수의 말인 자를 이토록 편하는 당신을 어떡할 수 없어요!

남자는 멈에 예언 손을 짝 쥐었다.

손금에 묻힌 멈은 강한 수축과 압력으로 인해 한 병을 한 병을 무려를 것더니 이내 중력에 이끌려 떨어지기 시작했다.

주위는 적막에 휩싸여, 마치 멈방울이 지면에 등기며 내는 소리를 들을 수 있다는 착각에 들 정도였다.

이자가 제자 물었다.

!왜 니를 사랑하니요?!

남자가 대답했다.

!그건.....

당신에 개념 없는 년여라서.....

Ep.25

Pardon ?!
A month ?!

Yes, is there a problem ?

Of course, there is !
You said you were going to keep your eyes on her, so we tied up contracts with other authors !

And suddenly, she is going to sign a contract a month from now ?!
We have a budget to keep !

You speak as if she is going to finish her story in a month.

Yes? What do you mean ?

It's alright
There is nothing to worry about

She

can never finish it

What do you mean?
Why did you give her a month then?

A month to realize

That she is not capable of continuing the story
If she is unable to realize that

She will never be a good author

I hope she will realize it soon

Then, I'll be there and... Make you cum love me, like the epecially when I am a daughter of your father's enemies.

He clenched his sweaty hand.

Sweats gathered and started to drop

Surrounded by complete silence, it felt almost as if they could hear the drops lastly.

She asked again.

Why do you love me?

The man replied,

You were kicked out of your own apartment because Sur's boyfriend came over

Just for a night, please

So, what if it's their 300th day anniversary ?! Then go out and have a lobster or pop a cork !

Why do they have to do all those at home !! How home shower my ass ! I could just go there and turn everything upside down, you know !

I can understand that they want to be together at a day like that .

I have to thank Sur . I've been feeling lonely lately. I get to talk to you
